3

4

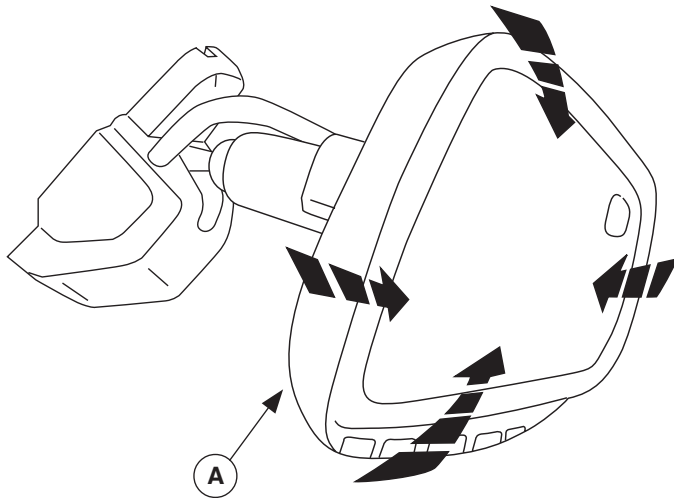

NOTE: Apply equal force downward and against windshield during installation until an audible click is heard.

AVISO: Aplique igual fuerza hacia abajo y contra el parabrisas durante la instalación hasta que se escuche un click claro y audible.

A NOTER: En cours d'installation appuyer d'une manière égale vers le bas et contre le pare-brise jusqu'à entendre un clic sonore.

5

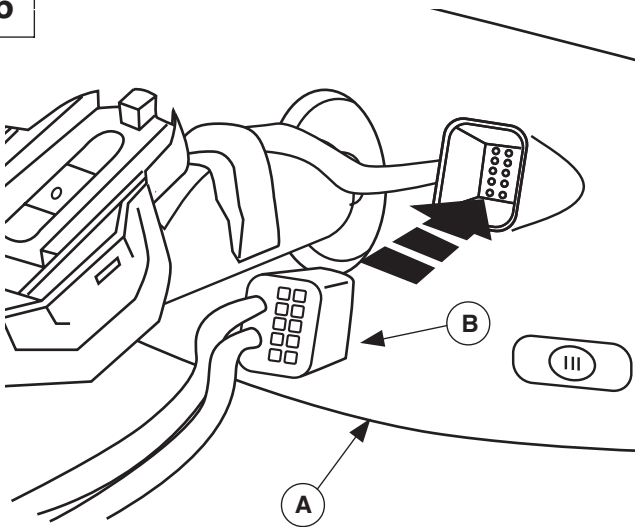

NOTE: Ensure mirror is securely attached to windshield button by adjusting mirror in a normal up/down and side-to-side fashion.

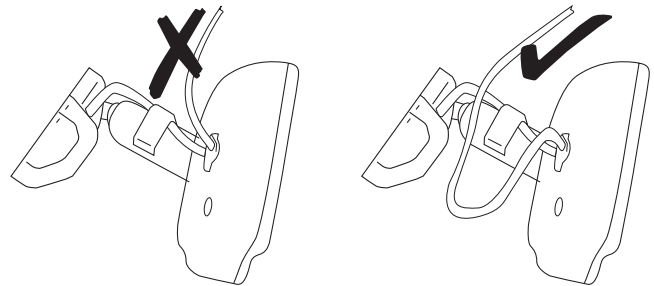

AVISO: Asegúrese de que el espejo esté bien fijado al botón del parabrisas mediante el ajuste del espejo de una manera normal de arriba hacia abajo y de lado a lado.

A NOTER: S'assurer que le rétroviseur soit bien attaché sur son support en l'ajustant de haut en bas et latéralement comme en conduite normale.

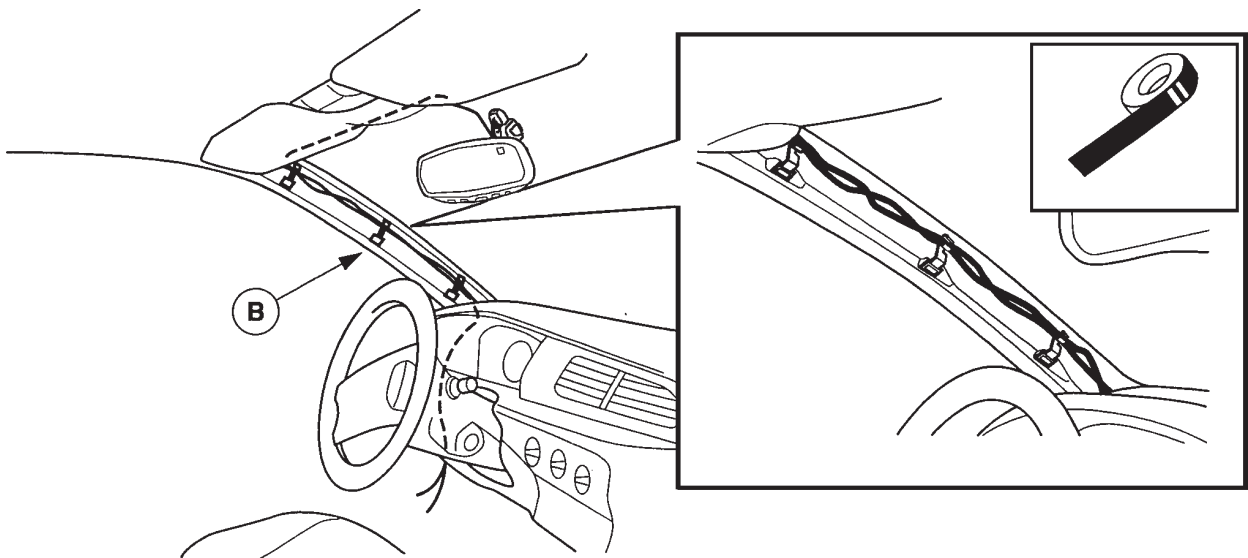

6

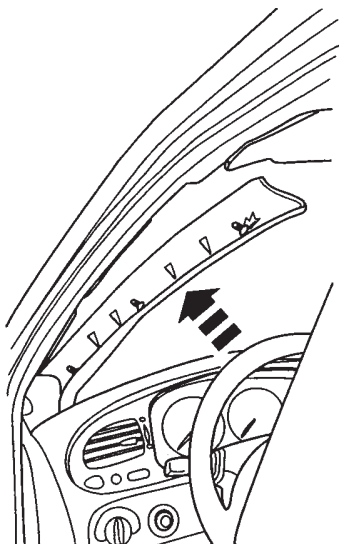

7

8

9

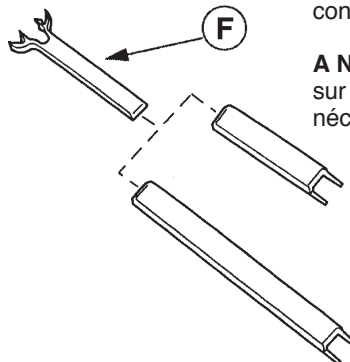

10

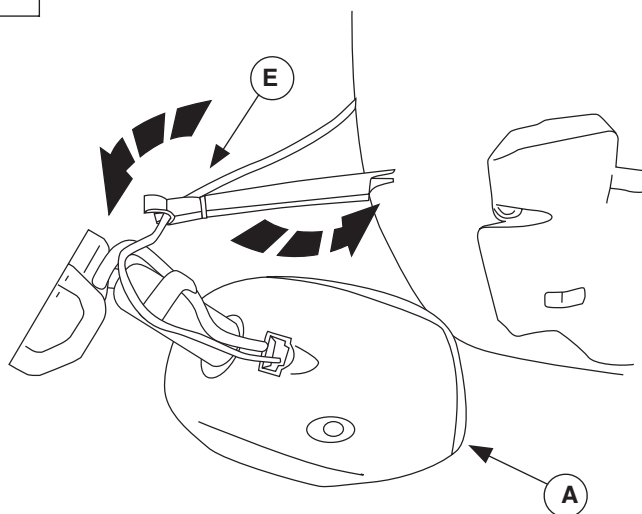

NOTE: Use appropriate size windshield wire cover supplied with kit.

AVISO: Use el tamaño apropiado de cubierta de cable del parabrisas que se suministra con el juego.

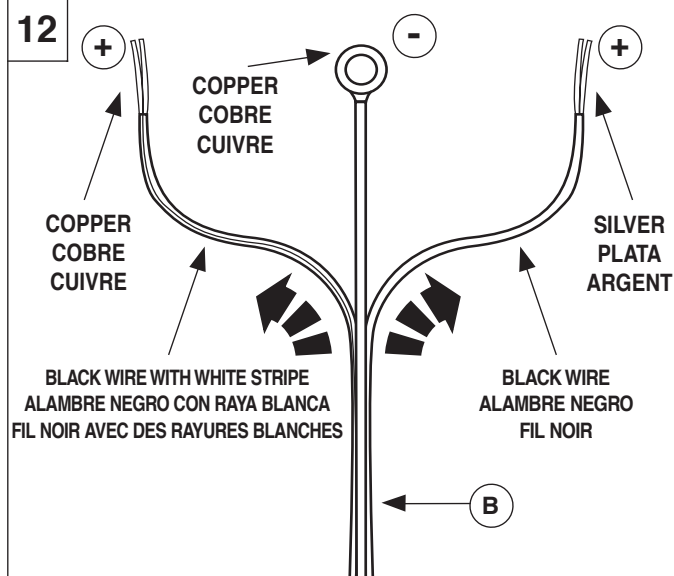

A NOTER: Utiliser le couvre fil sur pare-brise, fourni avec ce nécessaire, de taille approprié.

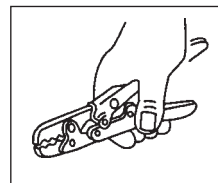

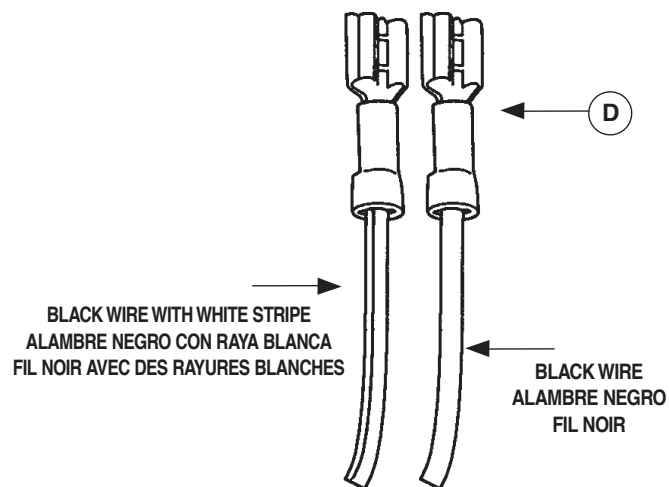

11

12

13

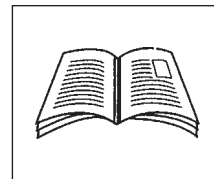

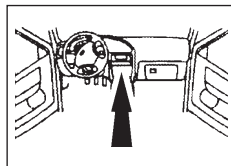

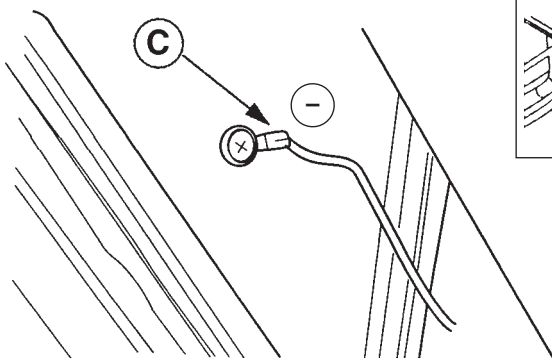

NOTE: Use appropriate size female terminal according to vehicle application.

AVISO: Use las terminales hembra apropiadas de acuerdo a la aplicación del vehículo.

A NOTER: Utiliser une borne femelle appropriée pour l'utilisation du véhicule.

14

GROUND CONEXION A TIERRA MASSE

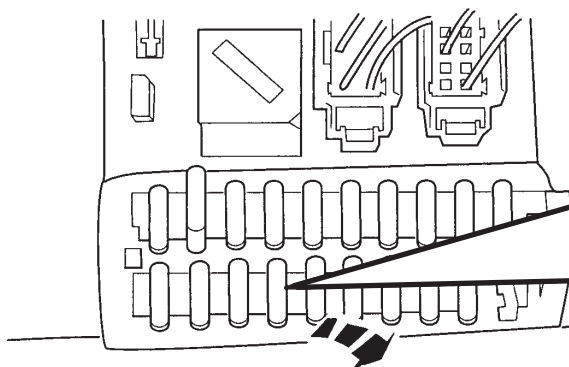

NOTE: Secure wire to a suitable chassis ground.

AVISO: Asegure el cable a la conexión a tierra adecuada.

A NOTER: Mettre le fil à une masse carrosserie adéquate.

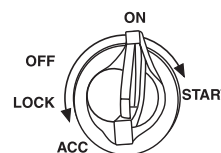

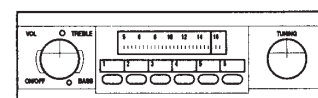

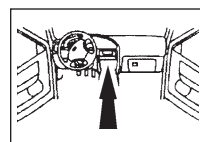

15

NOTE: Select fuse with power only when ignition is on.

AVISO: Elija el fusible que esté encendido solamente cuando la ignición está funcionando.

A NOTER: Choisir une fuse avec courant seulement lorsque l' allumage est ouvert.

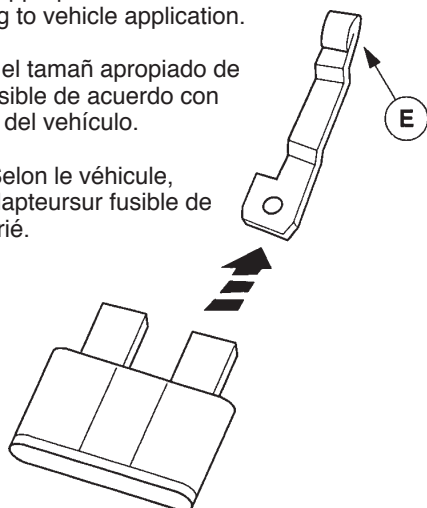

16

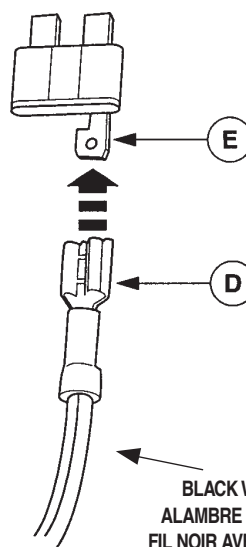

NOTE: Use appropriate size fuse tap according to vehicle application.

AVISO: Use el tamañ apropiado de macho de fusible de acuerdo con la aplicación del vehículo.

A NOTER: Selon le véhicule, utiliser un adapteursur fusible de taille approprié.

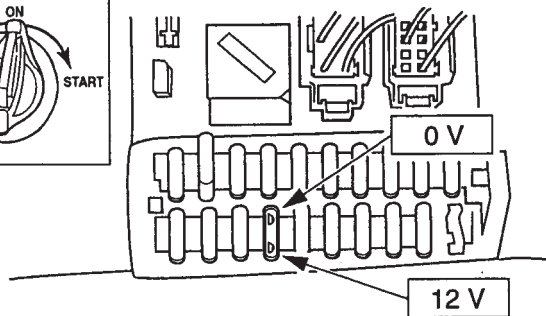

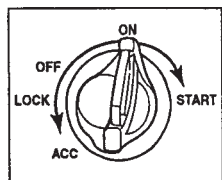

17

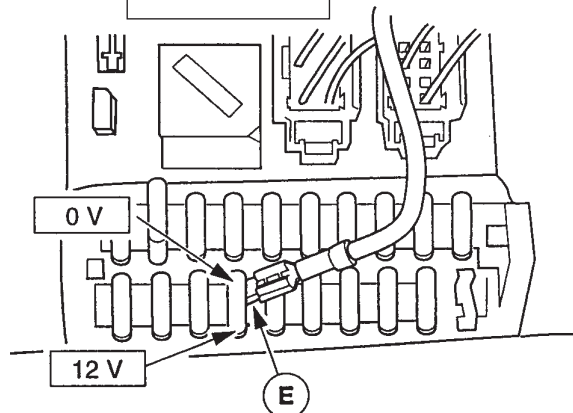

BLACK WIRE WITH WHITE STRIPE
ALAMBRE NEGRO CON RAYA BLANCA
FIL NOIR AVEC DES RAYURES BLANCHES

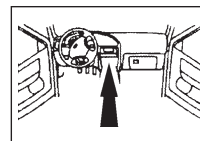

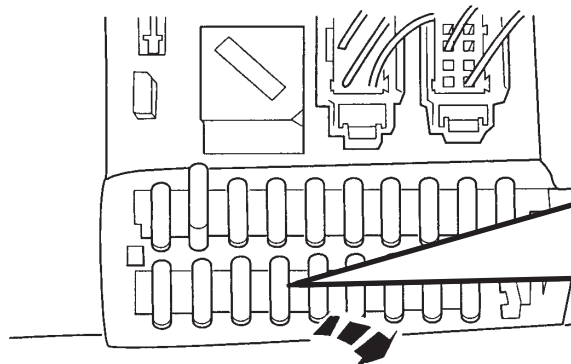

18

19

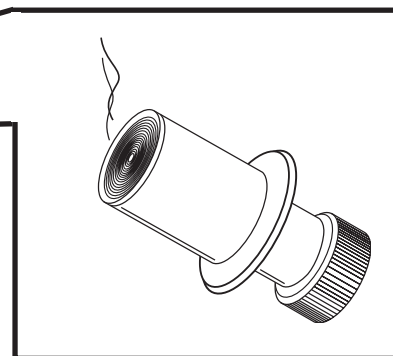

20

AVISO: Use el tamañ apropiado de macho de fusible de acuerdo con la aplicación del vehículo.

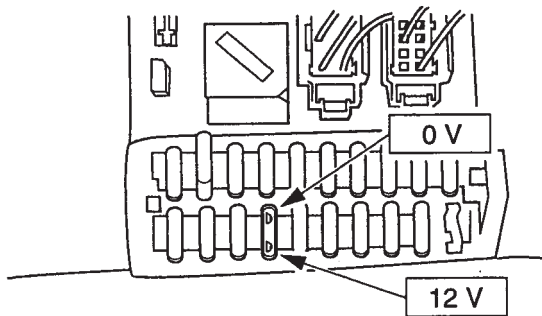

A NOTER: Selon le véhicule, utiliser n adapteursur fusible de taille approprié.

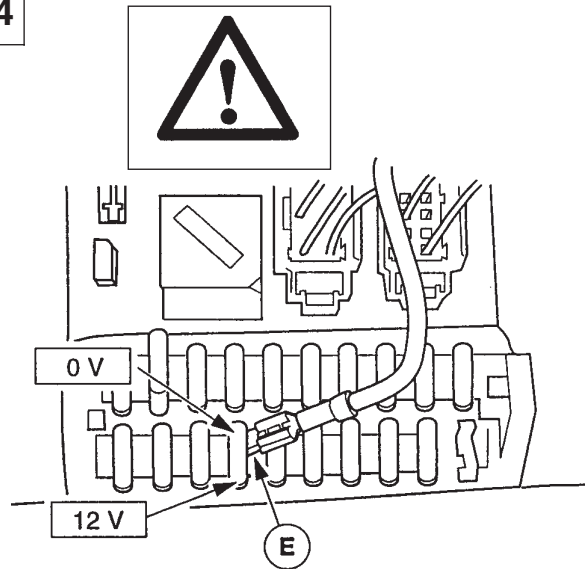

22

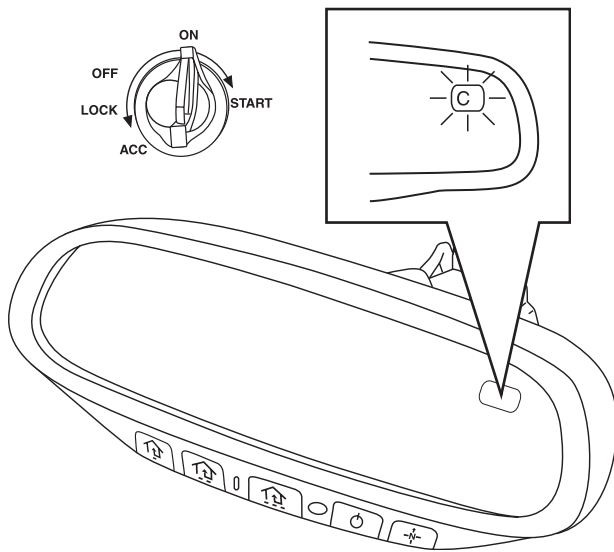

23

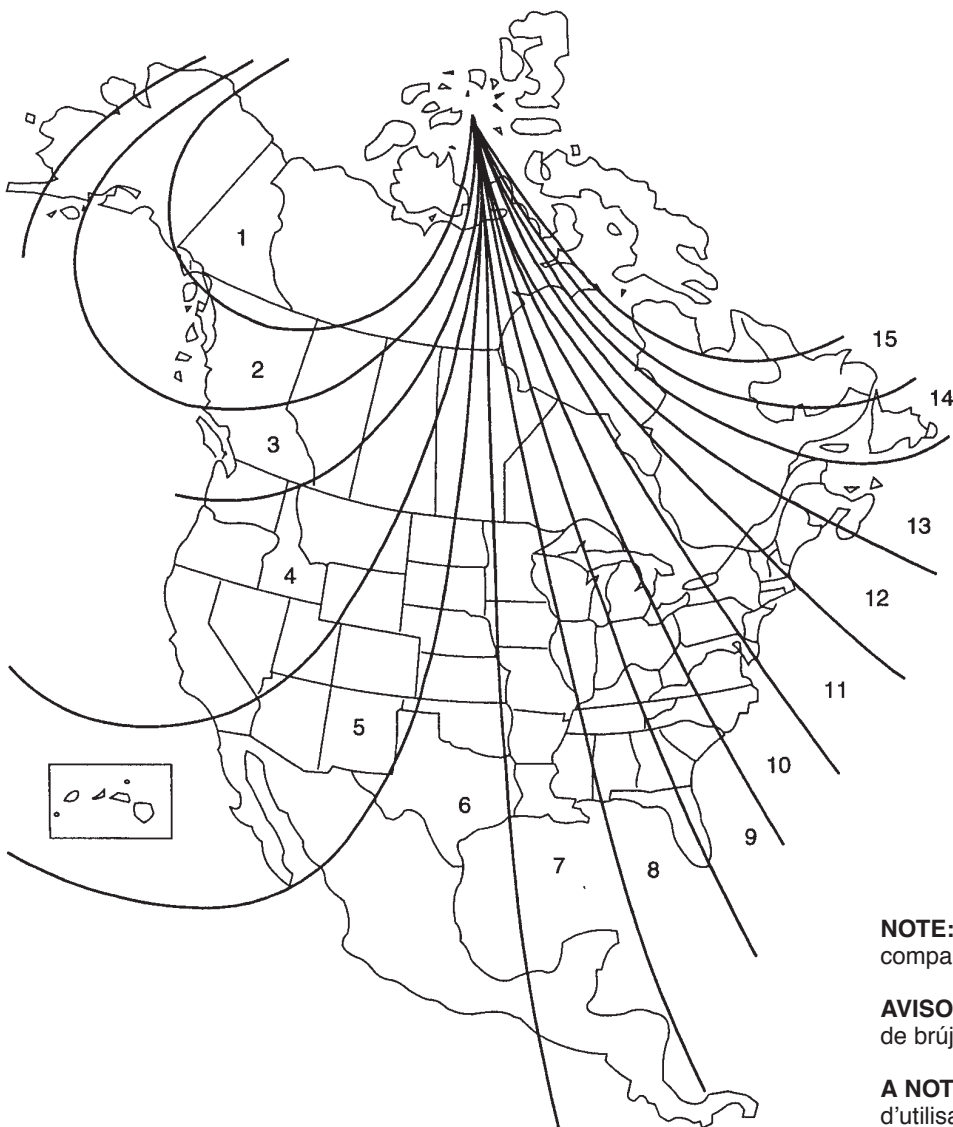

24

25

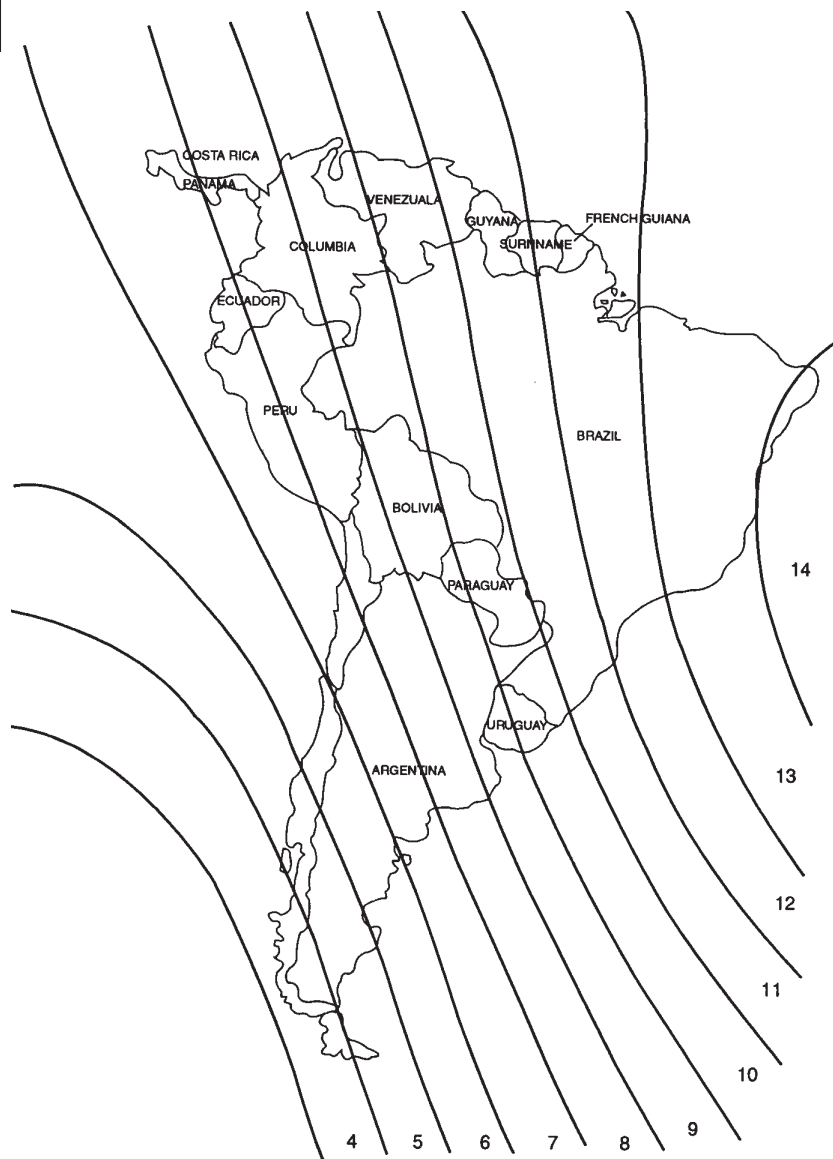

NOTE: Determine the approximate compass zone.

AVISO: Determine la zona aproximada de brújula.

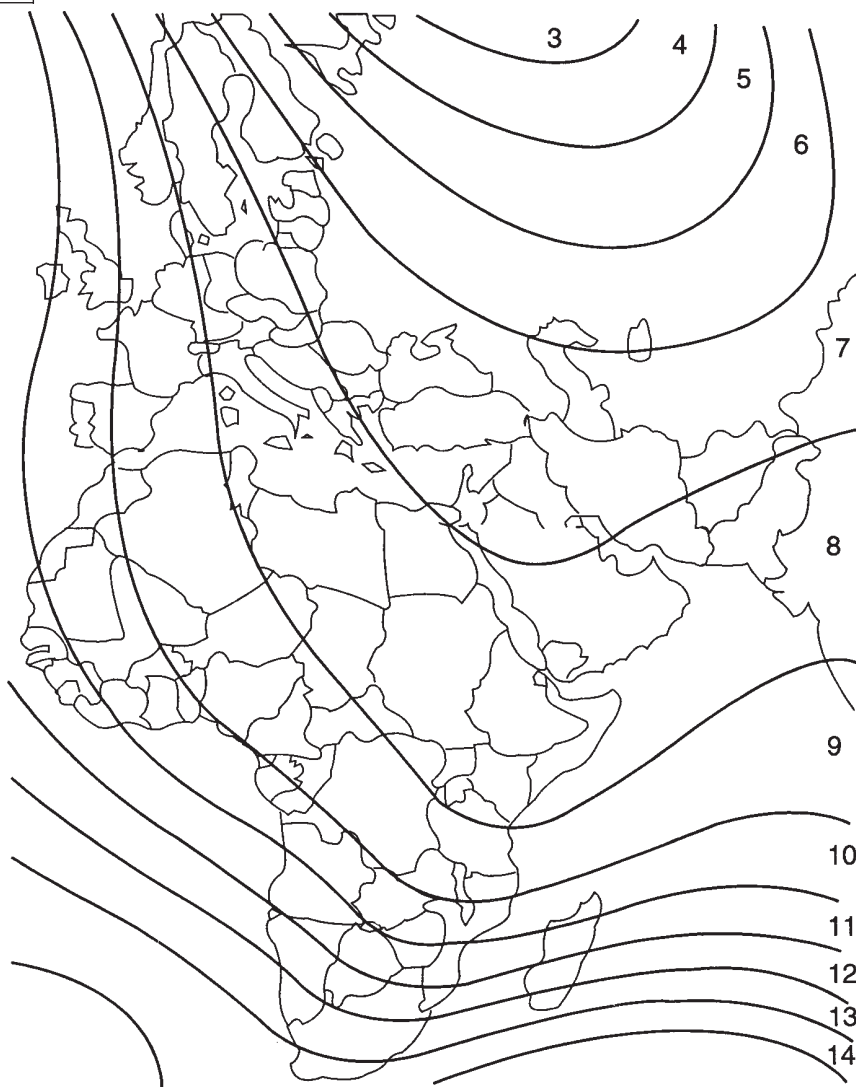

A NOTER: Déterminer la zone d'utilisation approximative de la boussole.

NOTE: Determine the approximate compass zone.

AVISO: Determine la zona aproximada de brújula.

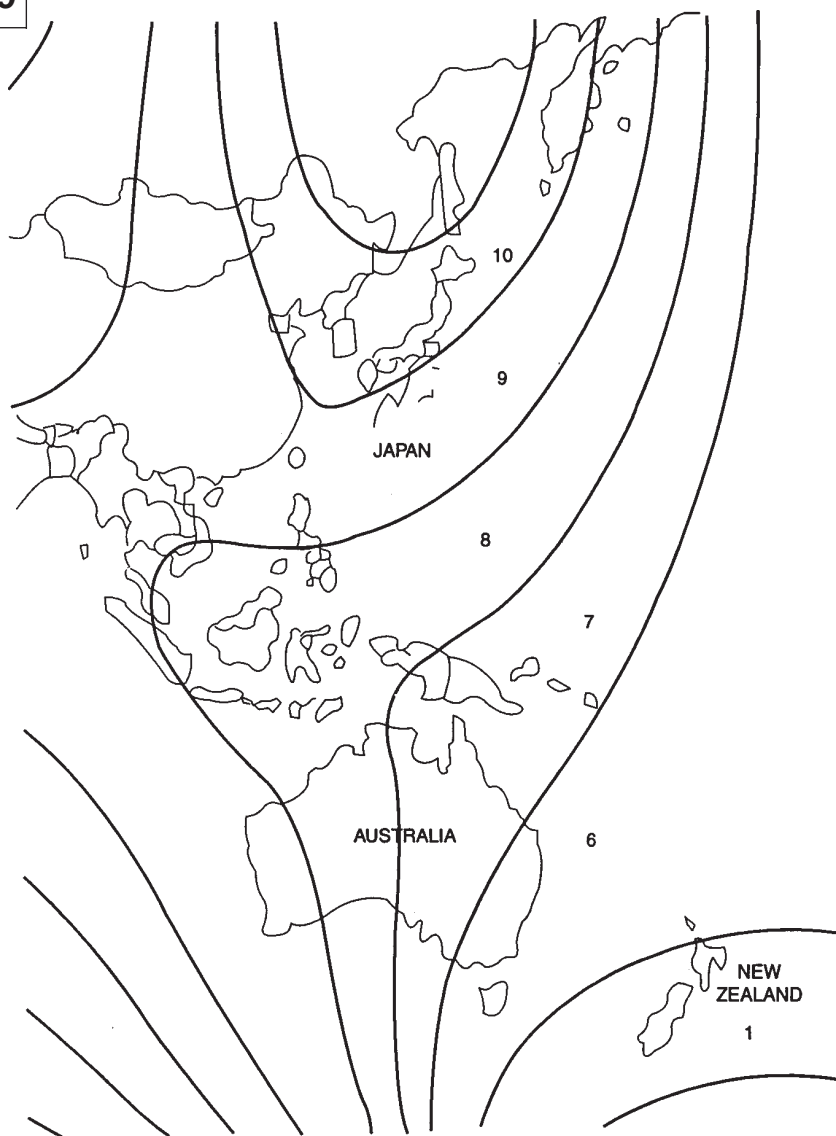

A NOTER: Déterminer la zone d'utilisation approximative de la boussole.

NOTE: Determine the approximate compass zone.

AVISO: Determine la zona aproximada de brújula.

A NOTER: Déterminer la zone d'utilisation approximative de la boussole.

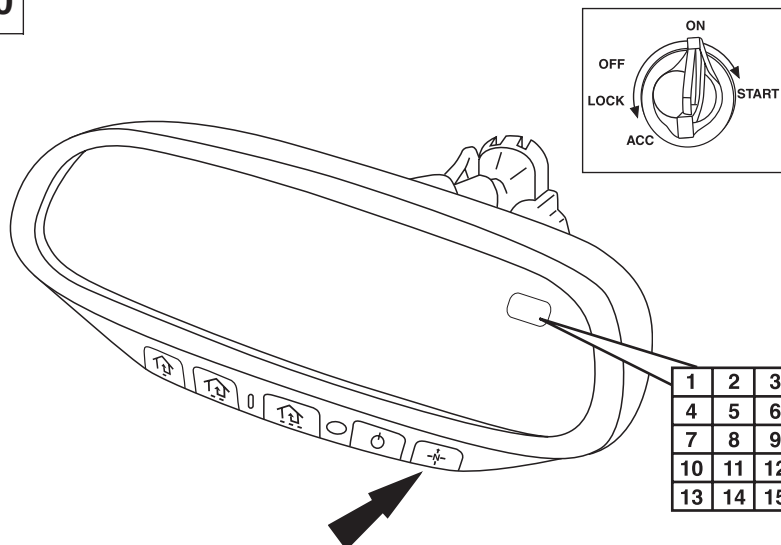

NOTE: Determine the approximate compass zone.

AVISO: Determine la zona aproximada de brújula.

A NOTER: Déterminer la zone d'utilisation approximative de la boussole.

30

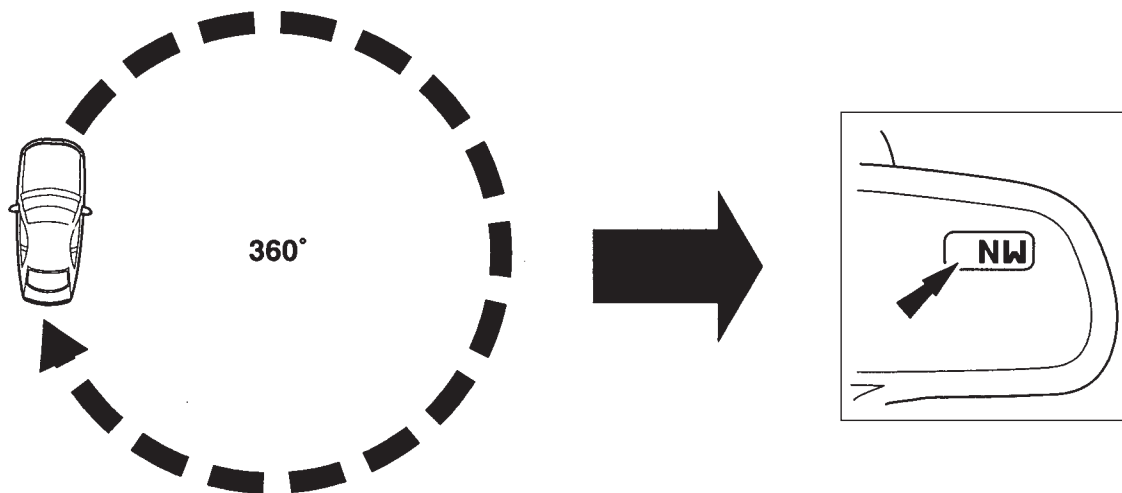

NOTE: Depress "COMP" button until "8" appears and release. Then, depress button again until applicable compass zone number appears and release. Display should then return to "C".

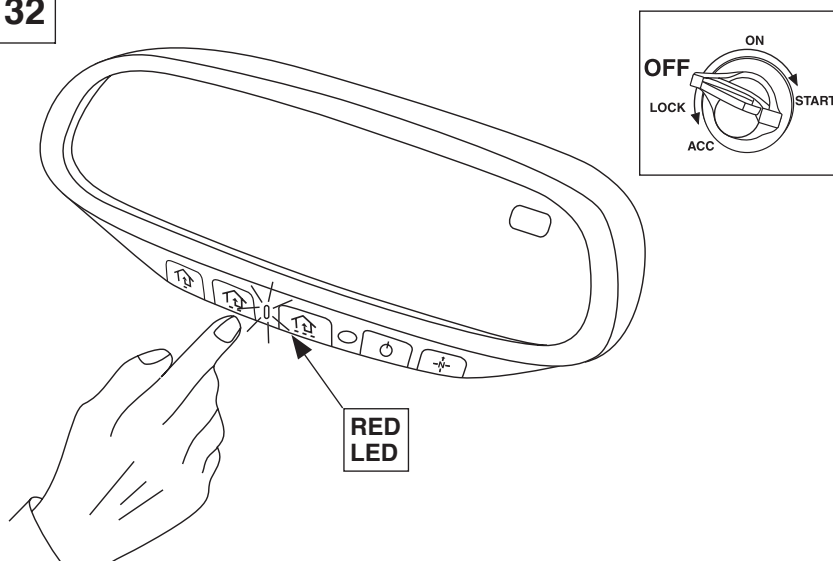

AVISO: Oprima el botón de "COMP" hasta que aparezca "8" y libérela. Luego, oprima nuevamente el botón de "COMP" hasta que aparezca el número de la zona de brújula correspondiente y libérela. La visualización deberá regresar entonces a "C".

A NOTER: Appuyer sur le bouton "COMP" jusqu'à ce que le numéro "8" apparaisse et relâcher. Ensuite, appuyer de nouveau sur le bouton "COMP" jusqu'à ce que le numéro de zone d'utilisation adéquate apparaisse et relâcher. L'écran doit alors réafficher "C".

31

32

NOTE: Turn ignition key to OFF position. Push each HomeLink® () switch one at a time and verify that LED indicator to the left of the center switch comes on with a RED LED. Testing is now complete.

AVISO: Gire la llave de encender a la posición "OFF." Oprima cada interruptor "HomeLink" uno a la vez y verifique que el indicador "LED" a la izquierda del interruptor del centro se prenda con "RED LED". La prueba está completa.

A NOTER: Tourner la clé à la position OFF. Pour enfoncer les chevilles, il faut tourner le bouton de blocage vers le haut. Pousser le bouton Homelink l'un après l'autre et s'assurer que l'indicateur LED à gauche du bouton du milieu indique LED RED. La vérification est ainsi terminée.

Congratulations!
